MODERN AND FUNCTIONAL SOLUTIONS

Desk lamps from GTV Lighting for everyone

Time for the next school year. September is coming soon, bringing the start of busy school and academic days. It is high time to ensure proper lighting of the workplace - a desk.

Desk lamps are a very important lighting element in a room of a student at any age, from pre-schoolers to high school graduates and students. A well-chosen desk lamp will facilitate the learning process, increase the comfort of work and, what is more, it will reduce the negative effects of long hours spend at the computer or on reading books.

A lamp in a child's or teenager's room is not only effective lighting, but also an attractive detail of the interior design. If you are looking for a modern and functional desk lamp, we invite you to check our wide offer.

Desk lamp

TRITTON

TRIT

It is a modern and functional solution closed in a classic form.

TRITTO

TRITON

A touch control panel in a lamp base allows you to adjust the brightness and the light colour temperature to the work performed:

Lovers of falling asleep with the light on will appreciate the Timer function, which delays the lamp turning off by 1 or 2 hours. Thanks to the induction charger and the 5 V/1 A USB-A socket on the TRITON base, you can charge any mobile device.

The lamp is powered by a standard mains voltage using a power supply and a 100 cm long USB cable included in a set.
